The Turning Times is published monthly as an information source for members of the East Texas Woodturners (ETW). ETW is a chapter of The American Association of Woodturners (AAW) and is committed to serving woodturners in the East Texas area surrounding Tyler, Texas. The ETW Chapter joins with the AAW in its dedication to providing education, information and organization to those interested in woodturning.

## Meeting at TJC West

April 14, 2012

### The Prez Says:

Hello ET Turners,

We held our annual "Learn to Turn" event on Saturday March 31<sup>st</sup>.

It was a big success with 40 people in attendance. We had some guests attend, one of them (Mike Gray) joined our club. I encourage you to welcome Mike to ETW.

I want to thank **Danny King** for heading up this event. Also, I want to thank the mentors who gave their support. A big thanks goes out to those who helped with the set up and cleanup. Job well done guys.

Our April meeting will be back on the normal schedule of the second Saturday which will be April 14<sup>th</sup>.

**Stacy Hager** will be our demonstrator this month. His topic will be "*Principals of turning, why tools cut the way they do and how to make the perfect cuts with any tool, Shop preparations, How to define and turn pleasing objects, and a general discussion of the golden means.*" You don't want to miss this one.

Be sure to get with **Ken Terrell** to sign up for the **Bob Rosand Hands on Classes** which will be held on June 6<sup>th</sup>, 7<sup>th</sup>, and 8<sup>th</sup>. June will be here before you

know it and there are several openings available.

Also, be sure to attend MOST Day on April 21<sup>st</sup> at Paul Coppinger's shop in Mineola.

- **Wayne Smith**

### The 150HP Lathe

Many of you who attended SWAT in 2011 will remember a man named Paul Moore who had a booth next to the dining tables where he was demonstrating a couple of his inventions, namely a jig for resawing logs and one for cutting circular turning blanks, all on a bandsaw.

I was interested in his resawing jig and spent some time talking to Mr. Moore. He seemed like an intelligent and knowledgeable woodworker and his jigs seemed well thought out.

Before Christmas a friend sent me a link to this video and to my surprise it was the Paul Moore I had met in Waco. You can make your own assessment of Mr. Moore after viewing the video in this link:

## ETW Library Note

Your librarians (with the assistance of **Kelvin Burton**) have completed the project of transferring all of our club demo videos from VHS to DVD format. The club plans to dispose of the original VHS tapes by making them available to any club members who can make use of them. For anyone who is interested, we will again be bringing approximately 20 tapes to the next meeting to be distributed. They will cover various subjects all to do with woodturning. They will be placed for your convenience in the library area. – **Tom & Marjorie**

## Let There Be Light

The very bright toolrest light for hollowing I had at a previous meeting is available from: Fred Holder, P.O. Box 2168; Snohomish, WA, 98291-2168 for \$55 plus \$5 shipping. You can contact him via email at [fred@morewoodturning.net](mailto:fred@morewoodturning.net)

**Harvey Ramsay**

## Bob Rosand “Hands On” Seminar

**June 6, 7, 8, 2012**

Time is running short to sign up for the scheduled **Bob Rosand** “Hands On” Seminars in June. As in the past, classes will be held at Paul Coppinger’s shop - on Wednesday (June 6), Thursday (June 7), and Friday (June 8).

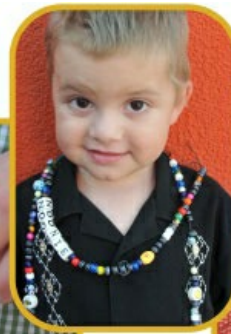

The project demo’s for each day will be presented with slight changes each day based on the skill level of the days attendees. A minimum of two projects will be completed daily and a third if time permits. The final selection of these demonstrations will be announced within the next 30 days.

The Saturday (June 9) club meeting will be held at TJC as normal starting at 9:00 a.m. with a box lunch for those interested. Bob is presently working out 3 or 4 projects for the club demonstrations and they will be announced shortly.

The cost will be \$125 for a one day class with lunch provided. It goes without saying that the lunches are always a treat as prepared by

Donna Coppinger. Reservations will be based on a first come basis regarding your choice of days with the first 24 commitments being assured a class day. Advanced payment is required. Please contact Ken Terrell at one of the upcoming meetings or by email at [kpterrell@suddenlink.net](mailto:kpterrell@suddenlink.net) or by telephone (903-839-4735). I would encourage anyone interested to get your name on the list ASAP as I already have people signing up. Additionally you might go on Mr. Rosand’s website [www.rrosand.com](http://www.rrosand.com) to review his work. Bob is an extremely enjoyable demonstrator and specializes in numerous small objects, (Christmas ornaments, small vessels, etc.). – **Ken Terrell**

The ETW Steering Committee is recommending that members participate in the **Beads of Courage** program. This program aids children undergoing treatments for cancer. **Tom Crosby** is the ETW representative for this program. Check with him for more information or go to <http://beadsofcourage.org>.
